## Section 5. Terms of Reference

### Terms of References

#### **Selection of Project Management Unit for implementation of NAFCC project "Enhancing Climate Resilience of Forests and its Dependent Communities in Two Landscapes of Jharkhand"**

#### **(A)Background**

The livelihoods of the agrarian communities of Jharkhand, which are dependent mainly on agriculture and natural resources, have been adversely affected because of the changes in the climatic condition in the state. In this context, Department of Forest, Environment and Climate Change has developed an adaptation project under National Adaptation Fund for Climate Change (NAFCC). The project has been conceptualised to address the vulnerabilities of livelihoods due to changes in climatic condition, improve coping mechanism and practices including promotion of indigenous methods adopted by the communities for dealing with the adverse consequences of the changing climate. The project has been sanctioned under NAFCC with a total budgetary outlay of Rs. 24.732 crore.

The project is designed to be implemented across 48 villages of Patratu Block of Ramgarh district and Narayanpur Block of Jamtara district. The selection of landscape was based on the state vulnerability analysis carried out by UNDP during 2014.

#### Landscape Details

	Narayanpur Landscape	Patratu Landscape
District	Jamtara	Ramgarh
Block	Narayanpur	Patratu
Village	Barowa, Lakhanpur, Matuadi, Kenduatanr, Palta, Daldala, Ghortari Thekbahiar, Madhuban, Phutaha, Bhagabandh, Goditanr, Mahuadabar, Bhaiyadi, Ledhariya, Kumargariya, Rautdih, Paharpur, Birsinghpur, Ratanpur, JoBriasdhaurnitanr, Narayanpur, Mahtodi, Chitarpur, Naudihani, Raghunathpur, Purnighati, Marichbad and Purna Nagar	Tokisud, Talapur, Talatanr, Solea, Palu, Hariharpur, Bartua, Palani, Batuka, Haphua, Koto, Osam, Terpa, Lem, Kirigara, Ukrid, Kurbij, Ichapiri, Rocha, Bicha, Dparidih and Sahitanr

### **Project Objectives**

- ✓ To enhance capacities and providing support services for facilitating Adaptation
- ✓ To improve forest micro-climate through Soil and moisture conservation (SMC) & Water Harvesting (WH)
- ✓ To enhance gender sensitive and climate resilient livelihood systems
- ✓ To bring about small wood use-efficiency and alternative material use
- ✓ To bring about Energy use-efficiency and Alternative Energy use

### **Gaps to be addressed through the project**

- **Capacity building**
  - Available skill sets (Community based cadres)
  - Measuring indicators for development
  - Behavioral changes for adoption to adaptation
- **Facility or Infrastructure**
  - Infrastructures for irrigation
  - Initiating social safety nets like Grain Golas
  - Energy efficient systems
- **Income gaps**

  - Tree based and animal husbandry based livelihood systems
- **Action research (Proposed but not accepted expected from PFA)**
  - Data collection on all proposed practices

### **Proposed outcome from the project**

For detailed of the project related output the bidding agency/service provider might refer to the NAFCC DPR available at MOEF&CC web-portal.

### **(B) Objectives of the assignment**

The objective of the assignment is to support the service provider in execution of the project deliverables.

### **(C) Proposed Structure of Engagement of Service Provider**

The service provider should have a core team two members/experts to be stationed at Department of Forest, Environment and Climate Change, Ranchi and headed by the team leader. The team leader (part time) will be responsible for overall coordination and management, developing/preparation of reports, quality check and quality assurance of the implementation, manage the function of monitoring and evaluation.

**(D) Scope of Work**

The Scope of work under this assignment are divided activity wise. Each activity is thereafter divided on landscape basis.

**D.1. Activity 1: Planning implementation, establishing baseline, monitoring of the implementation activities undertaken at the landscape level and updating of MIS**

1. The team leader under the supervision of the client and in consultation with the project facilitating agency prepare detailed implementation schedule (preferably Gnat chart/Microsoft Access) for the entire project.
2. In consultation with the DFOs of respective landscape identify the site/location for implementation of physical infrastructure and collection of baseline photograph and satellite image of the location(baseline). This (photograph and GIC images) will help in establishing the baseline situation and post implementation scenario.
3. Develop and finalise necessary format for collection of information regarding baseline, monitoring, physical and financial reporting in consultation with DFOs of respective landscape, nodal officer NAFCC project, project facilitating agency and NABARD. Based on the finalised format the team leader will be responsible for capacity building of respective DOFs and project facilitating agency for collection and maintaining of dataset.
4. Based on the landscape wise baseline report obtained from the project facilitating agency, the PMU will be responsible of development of the consolidated baseline report
5. Based on the landscape wise progress report (monthly, quarterly, annually and completion report) obtained from the project facilitating agency, the PMU will be responsible of development of consolidated periodic reports (monthly, quarterly, annually and completion report)
6. Based on the baseline data collected by the project facilitating agency, the PMU will be responsible for preparation of the detailed baseline report to be submitted to NABARD.
7. The PMU will be responsible for monitoring the field level implementation through of-site coordination with members of project facilitating agency as against the physical and financial target set under the implementation plan. Such report will be prepared on a weekly basis and submitted to the forest department.
8. The PMU will be responsible for preparation of monthly and quarterly report based on the weekly report. The report is to be presented before the project steering and review committee at-least once in a quarter.
9. The team leader will be responsible for visiting both the landscape once in a month/quarter to take a stock of the physical implementation. The objective of the site

visit is to quality check and assure the quality of implementation. The team leader will be responsible for collection of physical photograph and GIS image of the infrastructure created, to help in post implementation monitoring and reporting to NABARD. (All photograph should be geo tagged)

10. The financial expert will be responsible for visiting the landscape once in a quarter to take the stock of actual expenditure, assess field level expenditure MIS and develop the utilisation certificate to be submitted to NABARD on a half yearly basis
11. The financial expert should also be responsible for maintaining the MIS of physical achievement, financial expenditure, list of beneficiaries benefited through the project and the benefits transferred.

**D.2. Activity 2: Supporting Nodal officer of the Project Executing Entity in delivering of the duties outlined under NAFCC project not limited to scopes outlined below**

1. Assist nodal officer in preparation of reports, presentation and any other documents as deemed necessary for the project review committee and SLSCC meeting to convened as part of the NAFCC project reporting.
2. Assist nodal officer in consolidation and finalisation of quarterly, six-monthly and annual reports to be submitted to NABARD (in line with the format shared by NABARD)
3. Assist nodal officer in preparation of periodic plan for application to NABARD for sanctioning of budget
4. Assist nodal officer in periodic reporting to NABARD and for all communication with NABARD and MoEF&CC as a part of the NAFCC project.
5. Will be responsible for preparing the EOI and RFP for micro purchase and sourcing of service. The technical specification of the purchase should however be obtained from respective DFOs and approved by the project review and steering committee.

**D.3. Activity 3: Developing impact and outcome report for the project**

1. The project management unit (PMU) will be responsible for developing the periodic impact and outcome report based on the data collected by the project facilitating agency. The PMU needs to submit five reports comprising of four annualised report and one consolidated report at the end of the project. The report needs to be prepared once in a year and should essentially encompass.
  - a. Project impact and outcome as against the indicator set out in the log frame
  - b. Project contribution in improving climate resilience and climate proofing
  - c. Project contribution in emission (GHG) avoidance
  - d. Project contribution in improving livelihood, addressing the concerns of food, water and nutrition security
  - e. Project contribution towards ecosystem restoration
2. The PMU will be responsible for creating interdepartmental convergence towards mainstreaming of the project activity in departmental planning

3. The PMU will be responsible for creating financial linkage towards mainstreaming of the activities undertaken as part of the project
4. The PMU will be responsible for developing IEC and BCC material based on the assessment of the impacts and outcomes of the project.
5. The PMU will be responsible for documenting the entire implementation exercise towards capacity building of the departmental staff in executing similar project
6. The PMU will be responsible for developing the lesson learned report (on an annual basis) covering the challenges faced in implementation of the project and strategies adopted in successful implementation of similar interventions.

- 13 Entire Agreement 13.1. This Contract contains all covenants, stipulations and provisions agreed by the Parties. No agent or representative of either Party has authority to make, and the Parties shall not be bound by or be liable for, any statement, representation, promise or agreement not set forth herein.
- 14 Modifications or Variations 14.1. Any modification or variation of the terms and conditions of this Contract, including any modification or variation of the scope of the Services, may only be made by written agreement between the Parties. However, each Party shall give due consideration to any proposals for modification or variation made by the other Party.
- 15 Force Majeure  
a. Definition 15.1. For the purposes of this Contract, "Force Majeure" means an event which is beyond the reasonable control of a Party, is not foreseeable, is unavoidable, and makes a Party's performance of its obligations hereunder impossible or so impractical as reasonably to be considered impossible under the circumstances, and subject to those requirements, includes, but is not limited to, war, riots, civil disorder, earthquake, fire, explosion, storm, flood or other adverse weather conditions, strikes, lockouts or other industrial action confiscation or any other action by Government agencies and accepted as such by the Department of Forest, Environment & Climate Change, Government of Jharkhand whose decision will be final.  
15.2. Force Majeure shall not include (i) any event which is caused by the negligence or intentional action of a Party nor (ii) any event which a diligent Party could reasonably have been expected to both take into account at the time of the conclusion of this Contract and avoid or overcome in the carrying out of its obligations hereunder.  
15.3. Force Majeure shall not include insufficiency of funds or failure to make any payment required hereunder.  
15.4. In the event of either party being rendered unable by force majeure to perform any obligation required to be performed by them under this agreement, relative obligation of the party affected by such majeure shall be treated as suspended during which majeure condition last.
- b. No Breach of Contract 15.5. The failure of a Party to fulfil any of its obligations hereunder shall not be considered to be a breach of, or default under, this Contract insofar as such inability arises from an event of Force

Majeure, provided that the Party affected by such an event has taken all reasonable precautions, due care and reasonable alternative measures, all with the objective of carrying out the terms and conditions of this Contract.

c. Measures to be Taken

15.6. A Party affected by an event of Force Majeure shall continue to perform its obligations under the Contract as far as is reasonably practical and shall take all reasonable measures to minimize the consequences of any event of Force Majeure.

15.7. A Party affected by an event of Force Majeure shall notify the

other Party of such event as soon as possible, and in any case not later than fourteen (14) calendar days following the occurrence of such event, providing evidence of the nature and cause of such event, and shall similarly give written notice of the restoration of normal conditions as soon as possible.

15.8. Any period within which a Party shall, pursuant to this Contract, complete any action or task, shall be extended for a period equal to the time during which such Party was unable to perform such action as a result of Force Majeure.

15.9. During the period of their inability to perform the Services as a result of an event of Force Majeure, the Service Provider, upon instructions by the Client, shall either:

(a) demobilize, in which case the Service provider shall be reimbursed for additional costs they reasonably and necessarily incurred, and, if required by the Client, in reactivating the Services; or

(b) continue with the Services to the extent reasonably possible, in which case the Service Provider shall continue to be paid under the terms of this Contract and be reimbursed for additional costs reasonably and necessarily incurred.

15.10. In the case of disagreement between the Parties as to the existence or extent of Force Majeure, the matter shall be settled according to Clauses GCC.

16 Suspension

16.1. The Client may, by written notice of suspension to the Service Provider, suspend all payments to the Service Provider hereunder if the Service Provider fails to perform any of its obligations under this Contract, including the carrying out of the Services, provided that such notice of suspension (i) shall specify the nature of the failure, and (ii) shall request the Service Provider to remedy such failure at the earliest and not later than thirty (30) calendar days after receipt by the Service Provider of such notice of suspension.
