2. Background

2.1. While there are innumerable benefits from **forest certification** both directly and indirectly, some of the tangible **benefits** that are expected through this evaluation and certification process are:-

- To make forests a profitable venture- by increasing revenue from timber (primary source of income)
- Make the state timber accessible and in demand in international markets due to the fact that certified good quality timber commands a high level of premium in these markets, due to the non-availability of such material.
- Increase market visibility of the State Forest produce and increase exposure to new markets.
- Bridging the gap between the demand and supply of certified forest produce, specifically timber in the Indian market.
- Leverage the benefits of good management practices being followed in the state forests to achieve premiums for the timber being harvested.
- Globally recognized international stamp of approval for well managed forests.
- Providing a baseline for undertaking carbon offset verifications and carbon mitigation projects for future.

2.2. **Forest areas** that would be **under the Scope of Certification** under the tender are:

| Sl.No. | Forest Division | Area for Certification (ha) |
|--------|-------------------------------|-----------------------------|
| 1 | Simdega Forest Division | 55633.02 Ha |
| 2 | Hazaribagh(W) Forest Division | 124497.32 Ha |
| 3 | Giridih Forest Division (E) | 122042.56 Ha |

| | | |
|---|--------------------------------|--------------|
| 4 | Dumka Forest Division | 39939.65 Ha |
| 5 | Garhwa (South) Forest Division | 86689.19 Ha |
| 6 | Porahat Forest Division | 76401.65 Ha |
| | Total : | 505203.39 Ha |

Please note that only the area notified as Forest Land will be covered under the scope of Forest Certification

3. Scope of Work

3.1 The **CB** will be required **to accomplish the following works:**

- a) **Pre- assessment or Gap analysis of management system of forest areas** for NCCF-FM Certification Standard. Identification of gaps between management systems, norms and processes being followed in the field in forest areas vis-à-vis principles and norms of NCCF-FM Certification and bridging the identified gaps to achieve NCCF-FM Certification Standard.
- b) **Final assessment of NCCF-FM Certification Standard of forest areas** under the scope of certification. The CB will require detailing of the methodology and approach of undertaking the certification process and informing the findings related to NCCF Certification Standard.
- c) **Four (4) Annual audits for the next four financial years** after the issuance of certificate on sustainable Forest Management.

3.2 Methodology

- i. The proposed evaluation will have to cover the forest areas mentioned in clause 2.2 above.
- ii. It will be obligatory on the part of the prospective bidders to submit, as a part of Technical Bid, '**Proposed Methodology**'. The said 'Proposed Methodology', inter alia, will lay down in details (a) **human resources and manner of their deployment**, i.e strength and composition of Project Team, distribution of job responsibility, mode of coordination; (b) **Proposed time Schedule of activities, Documentation, and preparation of Reports**; (c) **Mode of sampling**; (d) **Stakeholder Consultation** (e) **Criteria & Indicators** to be adopted for evaluation of the area and (f) **facilities and inputs to be provided by the client** (Jharkhand Forest Department). d. The client reserves the right to reject any or all the tenders without assigning any reason, to relax or waive or revise any of the conditions stipulated in the terms and conditions tender as deemed necessary in the best interest of State Forest Department for good and sufficient reasons.

e. **The client will not pay any increase in duties, taxes and surcharges on account of any revision by the Government** after expiry of the stipulated delivery period in the work order.

f. **In case of any dispute**, the matter will be referred to an Arbitrator under "Arbitration and Conciliation" Act 1996". The arbitration shall be held in Jharkhand state only and the **Courts at Ranchi only** shall have jurisdiction in relation thereto.

5.16 Splitting of Job

The Job is to **be done** in six separate forest divisions. To save Job time, this will require simultaneous working in the divisions by multiple teams. For this objective, the Client reserves the right to split the job between L-1 and L-2 bidder at L-1 rates, provided L-1 and L-2 bidders both agree to do so. If this approach is adopted, 'forest division' will be the smallest unit and the job cost will be split on the basis of **Division-wise job cost** (as given in the six **supplementary sheets**) submitted by L-1 bidder along with the Financial bid.

In such situation, the terms and conditions of the tender will be applicable independently on each of the two bidders for the quantum of job awarded to each of them.
