Keywords: STUDY ON ADOPTION OF BACKYARD POULTRY FARMING IN RANCHI DISTRICT OF JHARKHAND

Abstract: On the basis of the important findings of the study the following conclusion are drawn and presented here under. Backyard poultry rearing can form an important role in increasing socio-economic status of rural community and employment in these areas. 1. Backyard poultry rearing can form an important part of the integrated farming system. Importance to be given equally on poultry as an income generating as well as it is very helpful to cover nutritional need of the resource poor farmers with very less input and minimum care. 2. Study highlighted the medium level of backyard poultry. Hence, there is need to impart training for backyard poultry owners. 3. The present investigation will be useful as a guideline for the backyard poultry owners, extension workers, policy maker, planners and other interested agencies.
